
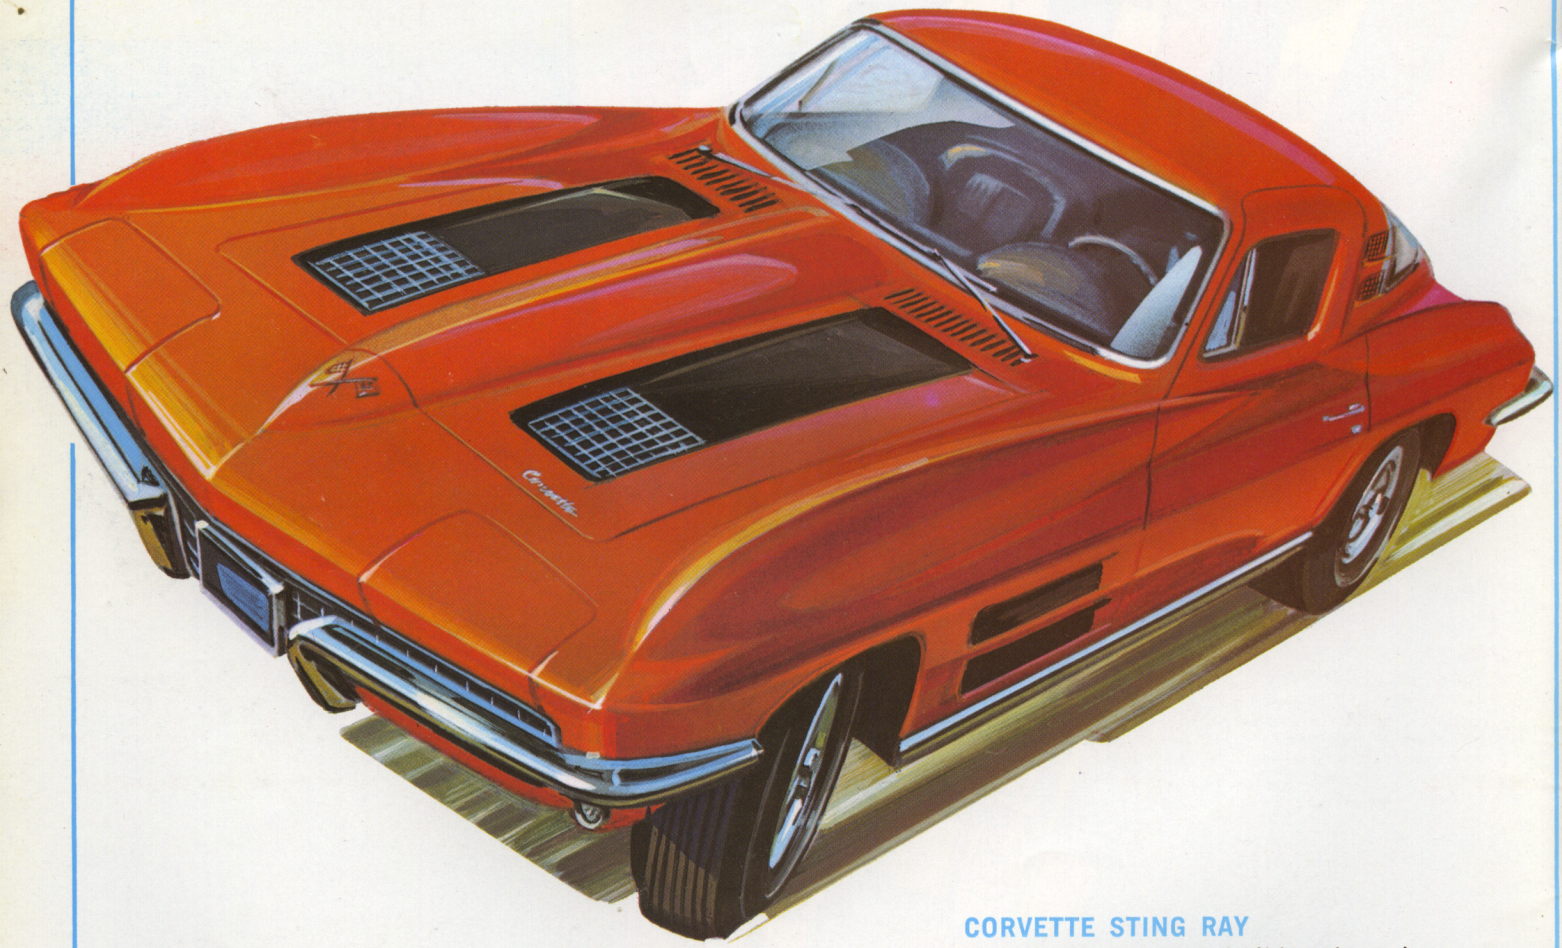
MPC THE ACTION LINE FOR 1971

CORVETTE STING RAY

The Original Sting Ray in Spectacular 1/16 Scale... and Completely Pre-Painted!



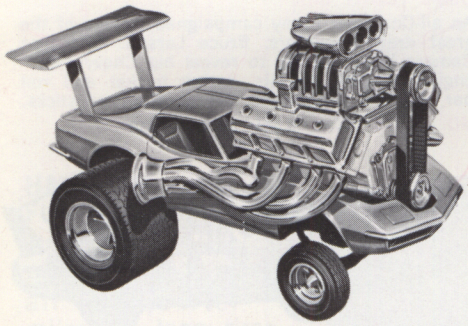
CORVETTE STING RAY

Here is the car that builders have been waiting for . . . in a kit they've been waiting for! The original Sting Ray . . . the most popular American sports car ever! And what a kit! First . . . in big 1/16 scale! The right scale for all the super detailing: Three building versions, two engine versions, working suspension, six tires, turning wheels, super-detailed chassis, two types of bucket seats, two hoods, metal springs, separate door handles and emblems . . . and much, much more, Second . . . the Sting Ray body comes completely painted! And more than that, it also comes with a second paint job for special custom effects. Once built up, this model is best-of-show without any painting necessary. The great Sting Ray . . . in super-size 1/16 scale, super-detailed and completely painted. An all-time winner!

NO. 1-3050 Can be sold for less than **$8.00**

Zingers!

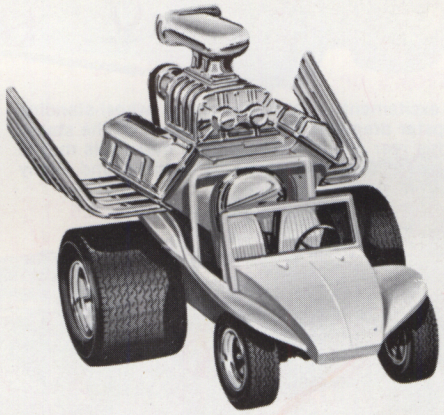
T.M.



VETTE

The Vette you've always wanted. A neat body with detailed interior and chassis. But what a bunch of goodies! Check these out: 426 C.I.D. Hemi engine • Hillborn injection • 6716MC Blower • Spalding magneto • Headers and collectors • Breathers

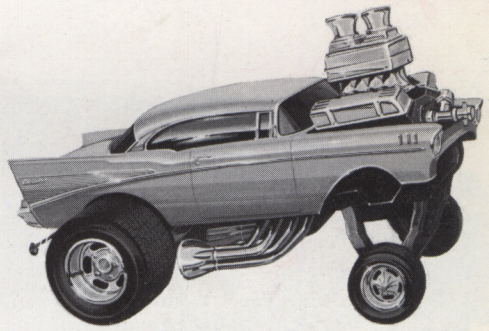
NO. 1-1650 Can be sold for less than **$1.25**



DUNE BUGGY

Dune Bugs used to be cute. Then they started to get a little mean. This one didn't. It got very, very mean. Read the nasty details: 429 Semi-hemi Ford engine • 671 6MC Blower • Injectors and scoop • Custom valve covers • Vertex magneto • Wild custom exhaust

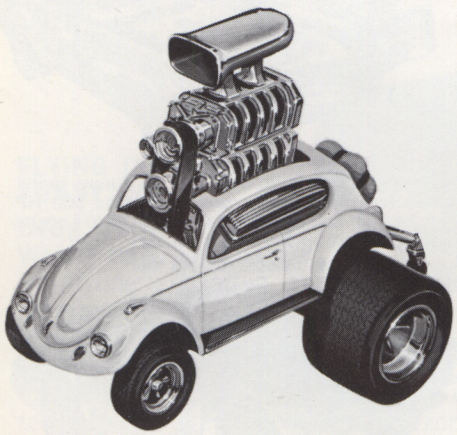
NO. 1-1652 Can be sold for less than **$1.25**



'57 CHEVY

MPC has the Midas touch. But everything we touch turns to ZINGERRRRR! This time it's the classic '57 Chev. 327 Chevy engine • Ram air induction • Gurney tires • Mags • Headers • High rise suspension

NO. 1-1654 Can be sold for less than **$1.25**



VOLKSWAGEN

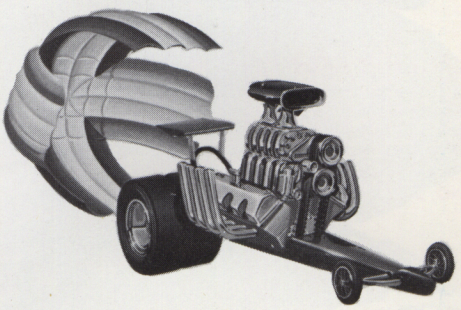
Ach du lieber . . . a bug with bite! Wait'll they hear in the Fatherland that we're using their stock 4 banger for an egg beater and substituted this little set-up: 302 Ford engine • Double GMC blowers • Injectors and scoop • Gurney valve covers • Vertex magneto • Cragar blower drive

NO. 1-1651 Can be sold for less than **$1.25**

VAN

An authentic van body. Just like the kind you deliver flowers, groceries and pizzas in. And if those pizzas aren't getting there on time, check out these go parts: 327 Chevy engine • Hillborn direct port injection • Velocity stacks • Cragar fuel pump • Spalding magneto

NO. 1-1653 Can be sold for less than **$1.25**



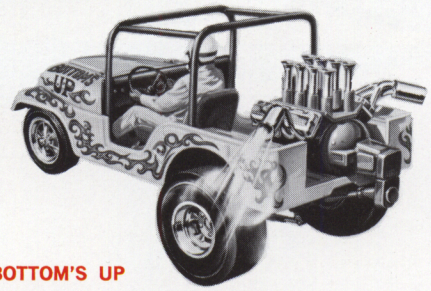
SUPER DRAG

Pardon us Big Daddy but we couldn't resist it any longer. The rail had to go ZINGER! Monster Hemi engine • Double Blower • Scoop • Four slicks • Mags • Spoiler • Roll Bar • Dragster rail body

NO. 1-1655 Can be sold for less than **$1.25**

RACING!

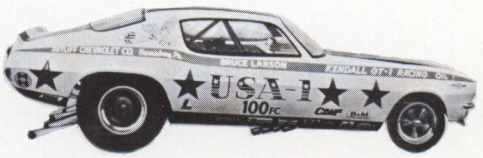
1/25 SCALE KITS



BOTTOM'S UP

All excitement . . . a fire-belching, wheel-standing Jeepster dragster! The wicked gleam on the stacks of this rear engined strip burner mean this means business. With roll cage, giant slicks and funny car front tires.

NO. 1-0742 Can be sold for less than **$2.25**



USA-1 FUNNY CAR

An all-Chevrolet funny campaigned by one of the great drag innovators, Bruce Larson. One-piece Camaro body tilts up to reveal big Chevy "Rat" engine, Logghe chassis, racing bucket and roll bar, gas and water cans, extinguisher and slicks.

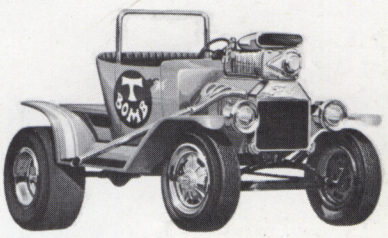
NO. 2-7502 Can be sold for less than $1.00

1907 LANCHESTER

The stock antique Lanchester, it's all here. So is a hopped up version with blown Chevy V-8, drag chute, blower scoop, racing headers, front tires, hollow tires, Cragar mag racing wheels.

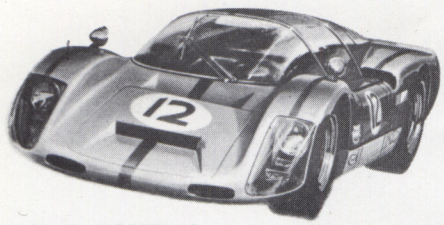
NO. 2-1004 Can be sold for less than $1.00



"T" BOMB

The 1912 Ford model T . . . build it stock or wild drag! The classic "T" plus go-goodies like "chromed" blower and scoop, headers, roll bar, tires, drag slicks and plated mag wheels.

NO. 2-1008 Can be sold for less than $1.00



PORSCHE CARRERA 6

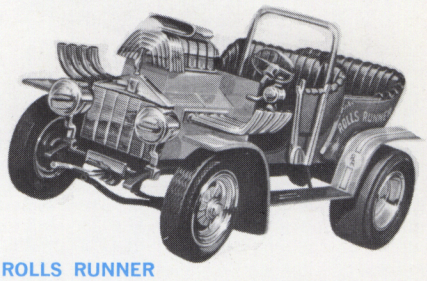
The great GT car that has won fame on both American and European tracks. "Right on" for car buffs. Plenty of chrome, one-piece body, detailed suspension and trophy display stand.

NO. 2-7503 Can be sold for less than $1.00

MERCEDES 280 SL

One of the greatest sports cars ever, finely engineered and tastefully styled. Both the hardtop and convertible versions can be built. "Chromed" parts, tires and decals included.

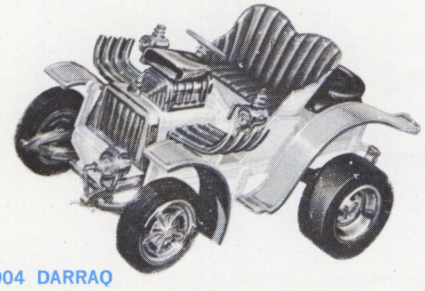
NO. 2-1005 Can be sold for less than $1.00



ROLLS RUNNER

The 1905 Rolls Royce . . . build it stock or build it wild drag. The classic Rolls with it's familiar radiator and "chromed" scoop and blower, custom headers, roll bar, tires, drag slicks and mags.

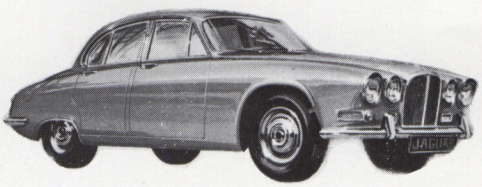
NO. 2-1009 Can be sold for less than $1.00



1904 DARRAQ

Build the authentic vintage Darraq or build it as a wild up-to-date drag terror. Extra racing parts include blower and scoop, racing headers, parachute, tires and hollow slicks.

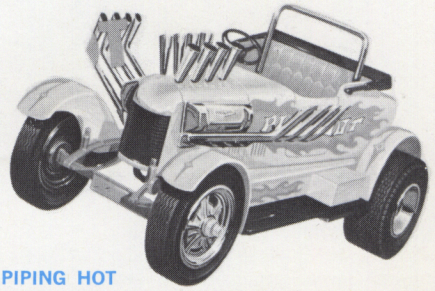
NO. 2-1002 Can be sold for less than $1.00



JAGUAR 420

The great European prestige car . . . top of the Jaguar line. Detailed to perfection and featuring an opening hood and big Jag engine, plus "chromed" grille, bumpers, wheel covers and steering wheel.

NO. 2-1006 Can be sold for less than $1.00

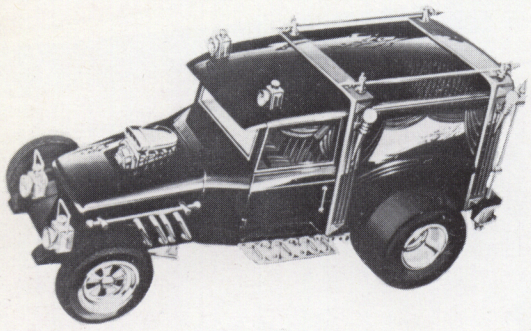


PIPING HOT

The 1926 Morris Cowley . . . build it stock or wild drag. Start with a neat roadster then add shrieking "chromed" trumpet pipes, stacks, roll bar, tires, hollow slicks and mag wheels.

NO. 2-1010 Can be sold for less than $1.00

BARNABAS SERIES



BARNABUS VAMPIRE VAN

Wicked wheels for the afternoon TV ghoul. Vintage roadster styling with hearse overtones, even a coffin trailer for naps enroute. With blown werewolf engine, mausoleum style grillework and hardware.

NO. 1-0626 Can be sold for less than **$2.25**

BARNABAS

A scale model of the TV favorite that stands over 8" high. Just the sort of project a modeler can sink his teeth into . . . or visa versa. Barnabas glows in the dark, has a mounting base, comes with cape, cane and rodent friends.

NO. 1-1550 Can be sold for less than **$1.50**

WEREWOLF

Barnabas' buddy . . . and just about nobody else's. This shaggy, fanged and maladjusted Collinsport resident makes an excellent model, though. Glows in the dark. Complete with display base.

NO. 1-1552 Can be sold for less than **$1.50**

HISTORAMA

EL ALAMEIN

One of the turning points of the war, the Desert Fox Field Marshal Rommel and his Afrika Corps in the struggle for North Africa. Kit includes 52 HO scale figures of the German Corps, the famous 88mm gun and kits of half-track truck and tow tractor.

NO. 2-8001 Can be sold for less than **$1.50**

IWO JIMA

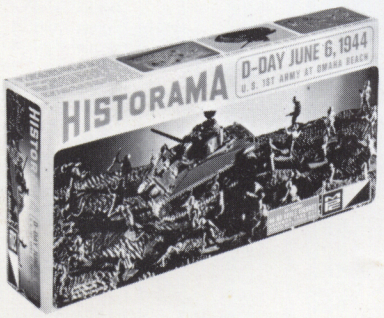
Here are the fighting Leathernecks in their most famous battle of WWII. There are 47 HO scale figures in fighting poses and in island gear. Also included are kits of the famous Jeep and Buffalo landing craft. The Buffalo kit features vinyl threads.

NO. 2-8003 Can be sold for less than **$1.50**

TOBRUK

Here are the "desert rats" that stopped Rommel at Tobruk. 48 HO scale figures in desert gear and action poses. Plus A.E.C. Matador truck, 5.5 inch Howitzer gun and tow trailer kits. Gun elevates and can be set up on trailer or on a ground position.

NO. 2-8002 Can be sold for less than **$1.50**



OMAHA (D-DAY)

Omaha beach, the scene of the American landings in the D-Day invasion. Despite weather that disrupted supply and covering fire the GIs held on to the important sector. With 45 HO scale U.S. troops, a Sherman tank kit and one-piece molded "battlefield" base.

NO. 2-8005 Can be sold for less than **$2.00**

MERVILLE BEACH (D-DAY)

The sight of German gun emplacements that defended the coast of Normandy. Daring Commando raids captured these despite heavy fortifications and firepower. Kit includes 45 HO scale German defenders, a Tiger tank kit and one-piece molded base with turret.

NO. 2-8004 Can be sold for less than **$2.00**

SWORD BEACH (D-DAY)

The British sector, important gains here drew German reinforcements meant for the weather-handicapped American forces at Omaha. Kit includes over 45 HO scale British Commandos, DUKW amphibious vehicle kit and one-piece molded base of beachhead terrain.

NO. 2-8006 Can be sold for less than **$2.00**

NEW PLANE AND FIGURE KITS

BATTLE OF BRITAIN

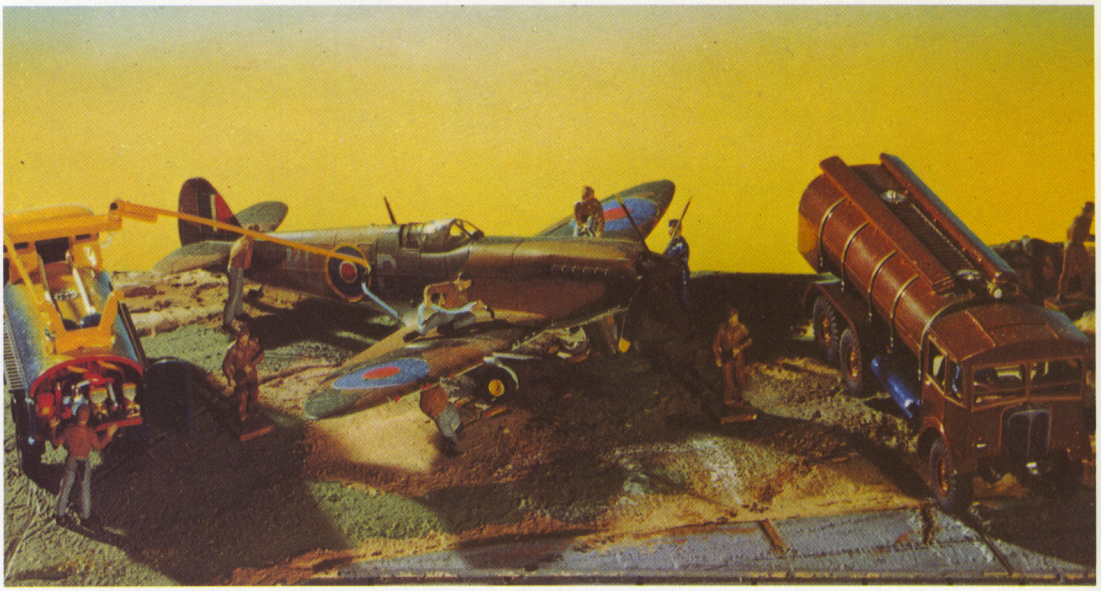
The world's most famous air battle is the subject of MPC's latest air kit.

There's a lull in the desperate struggle over the island and a Spitfire of the 54th lands at Hornchurch to refuel. In a blur of activity a huge A.E.C. tanker and Bedford QL respond and the crew re-equips the fighter. These are the moments Churchill spoke so movingly of in his "never so few" remarks.

Kit includes 1/72 Spitfire, 1/72 scale A.E.C. tanker and Bedford QL and crew plus one-piece 'airfield' base.

NO. 2-1206

Can be sold for less than **$2.00**



BALLOON BUSTER

The star of the Balloon Buster kit is Frank Luke, the Arizona-bred ace and winner of the Congressional Medal of Honor. Luke's remarkable feat of 15 balloons and 6 planes destroyed in seventeen days is unparalleled in courage and brazen daring. Balloons in particular were dangerous targets, protected by fighters pin-point anti-aircraft guns.

MPC's kit includes a 1/72 scale Spad, 48 HO scale WWI German Infantrymen and a one-piece "battlefield" base with downed balloon molded into it.

NO. 2-1207

Can be sold for less than **$2.00**

PEARL HARBOR ATTACK

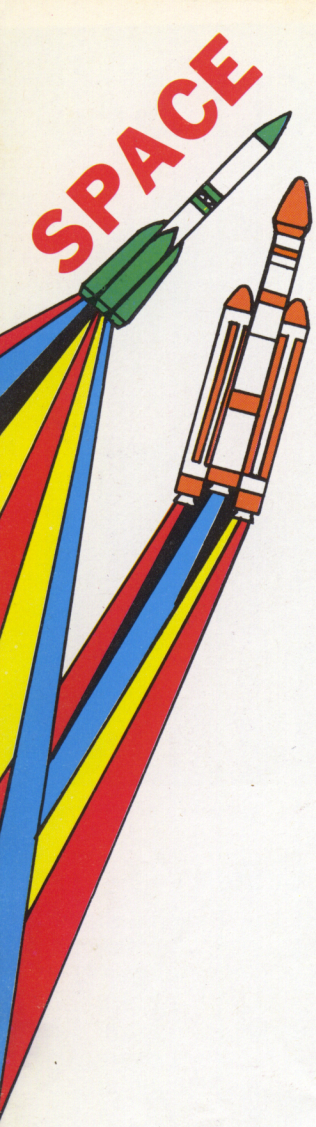
December 7, 1941 . . . a day of infamy . . . a day of history. This MPC kit captures a fragment of one of the most decisive moments of U.S. history. It goes together in a diorama freezing a Japanese dive bomber, the Aichi D3A1 'Val,' swooping over Hickam field while the latter is crowded with Army troops and the wreckage of a P-40 fighter, blasted before it could be manned.

Kit includes 1/72 scale 'Val' dive bomber, over 40 HO scale U.S. Army troops and one-piece 'airfield' base with P-40 wreckage indicated.

NO. 2-1208

Can be sold for less than **$2.00**

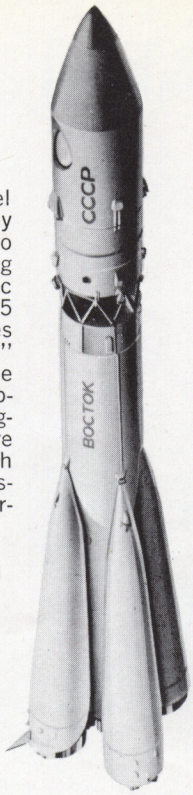
SPACE



VOSTOK RD-107

It's a 1/100 scale model kit for flying or display of the first rocket to launch an earth orbiting satellite. This all-plastic model stands over 15 inches high and features clear and "chromed" parts, including nose cone with re-entry capsule and cosmonaut figure. Also featured are inner fiber tube, 20 inch Mylar chute, heavy elastic shock cord and colorful decal.

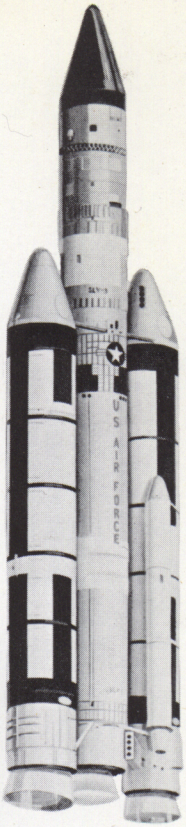
NO. 1-9000 Can be sold for less than **$4.00**

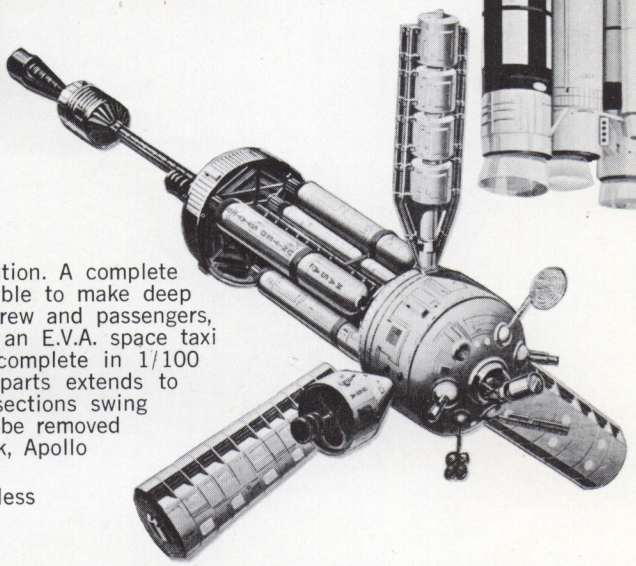


TITAN IIIC

The powerful USAF rocket for the first time ever in a kit. Can be built to fly or display. The 1/100 scale all-plastic model includes heat shield and "chromed" satellites and satellite tower. Flying version features inner protective tube, large Mylar chute, swivel snap and stabilizing fins. Colorful NASA decals also included.

NO. 1-1902 Can be sold for less than **$4.00**





PILGRIM OBSERVER

The next step in space exploration. A complete self-sustaining space station, able to make deep probes, able to carry twelve crew and passengers, able to send out and receive an E.V.A. space taxi and Apollo module. All this complete in 1/100 scale, with fourteen working parts extends to 17½ inches in length. Giant sections swing out for display, nose cone can be removed revealing communication network, Apollo module and the E.V.A. taxi.

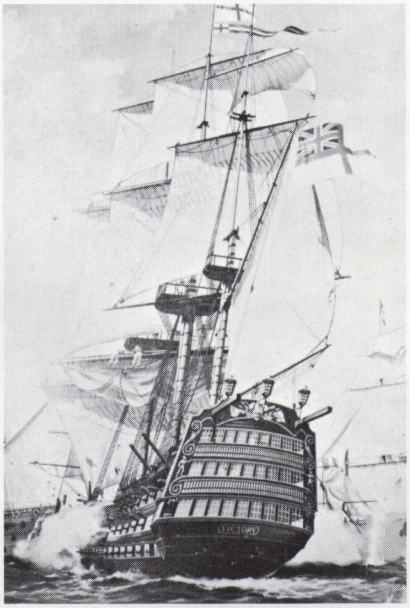
NO. 1-1901 Can be sold for less than **$5.00**

SHIPS

CUTTY SARK

Built as a China Clipper. 212 feet long. 32,000 square feet of sail. Would do 17 knots. Best known and fastest of the clipper ships. Only twenty officers and men. Presently in dry berth at Greenwich.

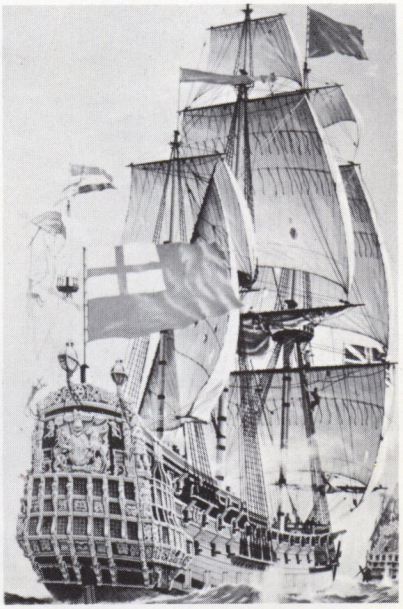
NO. 2-1400 Can be sold for less than $4.00



H.M.S. VICTORY

Launched in 1765. Lord Nelson's flagship. Earned a reputation in the Battle of Trafalgar at the downfall of Napoleon. 226 feet long. 104 guns. 850 officers and men.

NO. 2-1401 Can be sold for less than $4.00



H.M.S. PRINCE

One of England's finest in the seventeenth century. Designed by Phineas and succeeded the famous Royal Sovereign. Huge. Keel length of 131 feet. 100 guns. War time crew of 780 officers and men.

NO. 2-1402 Can be sold for less than $4.00

BIG! 1/24 SCALE SPITFIRE

SUPERMARINE SPITFIRE Mk. 1a

The Spitfire . . . hero of the Battle of Britain . . . one of the best performing and best looking flying machines ever! It's a great way to introduce a series of fantastic 1/24 scale warplanes. There's never been this kind of detail and accuracy in a kit before. There's never been this kind of irresistable invitation to super-detail in a kit before. The kit features a complete Rolls-Merlin engine, all eight machine guns, accurate full interior, figure-pilot, rubber wheels and giant decal sheet with the authentic 'Kiwi' 54th squadron based at Hornchurch in 1940.

NO. 2-3500 Can be sold for less than **$6.00**

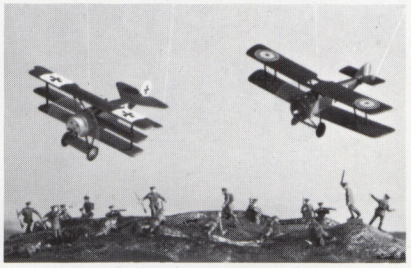
PLANES

1/72 SCALE

HERCULES C-130

A great kit of a great plane. The Herky bird is extremely popular with Air Force personnel for its capacity, ease of maintenance and maneuverability and speed. Kit includes over 150 parts, detailed interior and opening rear ramp.

NO. 2-3400 Can be sold for less than $4.00



RED BARON DOGFIGHT

Unique kit re-enacts the legendary duel between Baron Richtofen and Capt. Roy Brown. Both planes included in the kit, as well as "no-man's" land base and troops to recreate controversy regarding the actual source of the fatal bullet, Brown or ground fire from trenches.

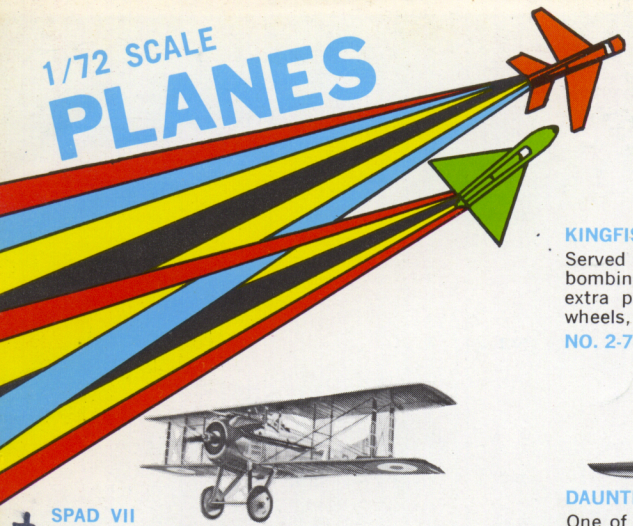
NO. 2-1204 Can be sold for less than $2.00

CHOPPER! CHOPPER!

The look of combat today. The helicopter assault in kit form. Kit includes versatile CH-46 Sky Knight helicopter kit, 45 U.S. Marines in jungle gear and fighting poses, plus one-piece "battlefield" terrain base for diorama display.

NO. 2-1205 Can be sold for less than $2.00

1/72 SCALE PLANES



SPAD VII

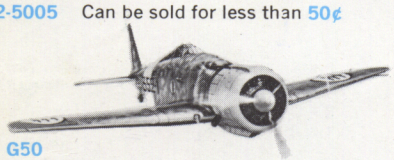
One of the best of Allied fighters in WWI, used by French, British and American forces. Kit includes authentic decals, MPC's exclusive modular display stand and simulated spinner prop.

NO. 2-5004 Can be sold for less than 50¢

AVRO 504K

Initially a trainer, the Avro was equipped as a bomber at the outset of World War I. All original Austrailian markings included as well as interlocking display stand.

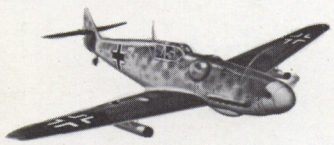
NO. 2-5005 Can be sold for less than 50¢



FIAT G50

This extremely maneuverable fighter was powered by a 840 H.P. Fiat engine with a maximum speed of 293 m.p.h. Kit includes two engine building options, figure, detailed parts, simulated spinner prop, decals and stand.

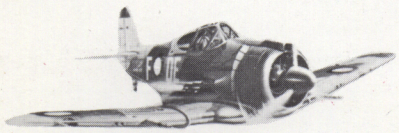
NO. 2-5006 Can be sold for less than 50¢



MESSERSCHMITT ME109

This single seat fighter was the most famous design of Professor Willi Messerschmitt and gained the distinction of being produced in larger numbers than any other WWII aircraft. Authentic decals included.

NO. 2-5007 Can be sold for less than 50¢



BOOMERANG

Powered by a 1200 h.p. radial engine, the Boomerang was an effective weapon against the Japanese during WWII. Each kit includes authentic markings, MPC modular stand and simulated spinner prop.

NO. 2-5008 Can be sold for less than 50¢

FIESLER STORCH

The Fi 156 proved to be one of the most efficient of all observation and communication aircraft of the Second World War. Its low speed enabled it to almost hover. Display stand and decals.

NO. 2-5009 Can be sold for less than 50¢

KINGFISHER

Served the U.S. Navy in the early forties in dive-bombing, rescue and observation duties. Kit offers extra parts; "chrome" wheels and prop, rubber wheels, figures, decals and spinner prop.

NO. 2-7001 Can be sold for less than 70¢

DAUNTLESS

One of the most famous of all U.S. Naval aircraft to serve in the Second World War. Participated in every major engagement. Original markings from Midway version. Plus "chrome" wheels, prop, guns and bomb.

NO. 2-7002 Can be sold for less than 70¢

MIG 21

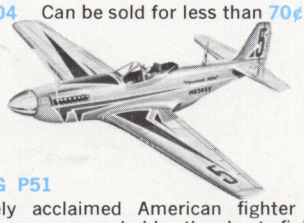
Joined the Russian Air Force in 1959 and has become one of the world's most widely used fighters, finding service in seventeen air forces. The MIG 21 is a lightweight single seater armed with missiles and cannons.

NO. 2-7003 Can be sold for less than 70¢

STUKA JU 87B

A feared weapon in early WWII, instrumental in the "lightning" warfare concept of striking quickly at pinpoint targets. "Chromed" prop, guns, bombs, air scoop and exhaust pipes. Authentic markings included.

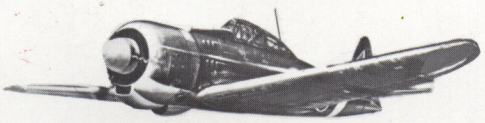
NO. 2-7004 Can be sold for less than 70¢



MUSTANG P51

The widely acclaimed American fighter was a superior weapon, probably the best fighter of WWII. With its 1695 h.p. Packard Merlin engine it reached a speed of 437 m.p.h. Vinyl wheels, "chrome" parts, authentic markings and more.

NO. 2-7005 Can be sold for more than 70¢



ZERO

Played a major part in Pearl Harbor attack. Lightweight and remarkable maneuverability made it the best known Japanese plane. Kit includes decals, "chrome" parts, bombs, guns, scoops and exhaust pipes.

NO. 2-7006 Can be sold for less than 70¢

HELLCAT

This is an improved version of the Navy's Wildcat. A Pratt Whitney 2,000 h.p. engine gave it a top speed of 371 m.p.h. making it one of the fastest carrier based planes in WWII.

NO. 2-7007 Can be sold for less than 70¢

MIRAGE IIIC

The very successful Israeli Air Force plane, widely used in the Arab conflict. Familiar sight in many of the world's air services. French-built with an Atar 9 Turbo Jet engine, maximum speed of Mach 2.05.

NO. 2-7008 Can be sold for less than 70¢

ELECTRIC LIGHTNING

First British combat aircraft with supersonic performance. Designed as a bomber/interceptor. Its two Rolls Royce Avo 200 Turbo-Jets give it a speed of Mach 2.05. Figure, decals and stand in kit.

No. 2-7009 Can be sold for less than 70¢

SKY RAIDER

The A-1J is one of the most remarkable torpedo bombers of all time. Used in WWII, Korea and Vietnam. The A-1J is the latest model and is powered by an 18 cylinder radial engine and carries 4 wing mounted 20 mm cannons and 8,000 lbs. of bombs.

NO. 2-7010 Can be sold for less than 70¢

HELLDIVER

One of the most important U.S. Naval aircraft at the end of WWII, the Curtis Helldiver was a carrier based plane with a heavy weapon load. It was armed with one 1,000 lb. bomb, optional rockets, two cannons and ten machine guns.

NO. 2-7011 Can be sold for less than 70¢

P-40 WARHAWK

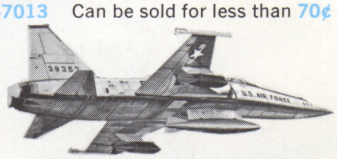
The mainstay of the famous Flying Tigers, the P-40 was the most widely used of the Army Air Force fighters. It saw service in both the European and Pacific theaters of WWII. It was powered by an Allison engine and was armed with six machine guns and 700 lbs. of bombs.

NO. 2-7012 Can be sold for less than 70¢

LOCKHEED F104G

The first F-104's entered service in the U.S. Air Force in 1958 and held both the world speed and altitude records. Powered by a GE j79 turbo-jet, the F-104G, also known as the Super Starfighter, has a top speed of Mach 2. Armament: 20 mm. gun, up to 4000 lbs. of bombs as well as Sidewinder missiles.

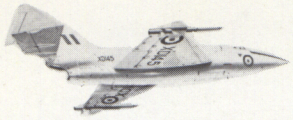
NO. 2-7013 Can be sold for less than 70¢



NORTHROP F-5A FREEDOM FIGHTER

Built for quick acceleration to supersonic speeds, high rate of climb and maneuverability, and the ability to operate from grass fields with the minimum of support facilities.

NO. 2-7014 Can be sold for less than 70¢



SAUNDERS-ROE S.R. 53

The first British manned aircraft to use the mixed-power formula of rocket and jet power. It has a phenomenal rate of climb to stratospheric heights, better acceleration and maneuverability. Armed with two Firestreak homing missiles, one at each wing tip.

NO. 2-7015 Can be sold for less than 70¢

BEAGLE BASSET 206

The first twin-engined aircraft built in 1964 by the newly formed Beagle Aircraft Company. After extensive testing it was delivered to the R.A.F. to replace the aging Avro Anson.

NO. 2-7016 Can be sold for less than 70¢

MOSQUITO F.B. VI

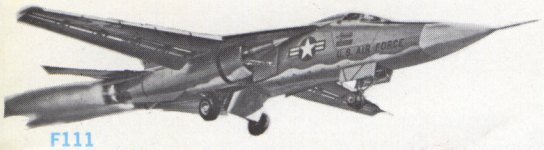
An outstanding aircraft of wooden construction. This version, a fighter-bomber, was introduced in 1943 and could carry either a 2000 lb. bomb load or rockets. The F.B. VI was powered by two 1620 h.p. Rolls-Royce engines with a top speed of 387 m.p.h.

NO. 2-7017 Can be sold for less than 70¢

P-38j LIGHTNING

The fastest version of the best known American heavy bombers, but was also used successfully in the Pacific campaign. The P-38j was powered by two 1500 h.p. Allison engines, giving it a speed of 420 m.p.h.

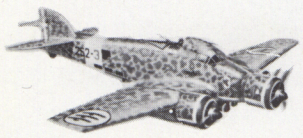
NO. 2-7018 Can be sold for less than 70¢



F111

The most controversial aircraft in the world today. The first military aircraft to go into production with a swing wing. The first to be designed for both Air Force and Navy. A great kit with working swing wing, display stand, decals.

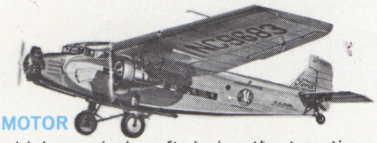
NO. 2-1100 Can be sold for less than $1.00



S.M. 79 MK II

The mainstay of the Italian bomber squadrons in World War II, the S.M. 79 was the best land-based torpedo bomber of the war. It was powered by three radial engines and carried two torpedoes. Modular stand and decals included.

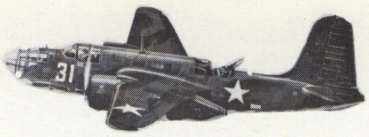
NO. 2-1101 Can be sold for less than $1.00



FORD TRIMOTOR

The most widely used aircraft during the twenties and thirties. A plane so far ahead of its time that some are still in use today. It was another better idea from Ford, the first all-metal commercial plane. Modular stand and decals included.

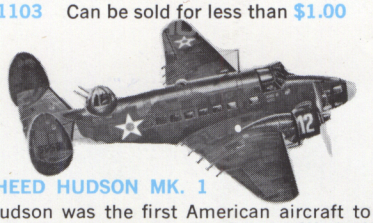
NO. 2-1102 Can be sold for less than $1.00



DOUGLAS BOSTON III

One of the many American aircraft operated by the R.A.F. during the Second World War, the "Douglas Boston" served throughout the entire war and was used on every front. The Boston III was powered by two Wright Double Cyclone engines, each of 1,600 h.p. giving a maximum speed of 304 m.p.h.

NO. 2-1103 Can be sold for less than $1.00



LOCKHEED HUDSON MK. 1

The Hudson was the first American aircraft to be used operationally during the Second World War, and was in use by R.A.F. Coastal Command shortly before the outbreak of war.

NO. 2-1104 Can be sold for less than $1.00

P-61 BLACK WIDOW

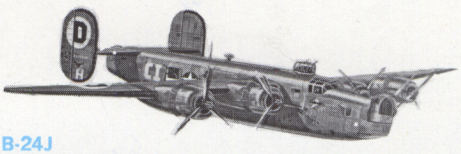
The Black Widow was the first U.S. aircraft to be designed from the beginning as a night fighter and was the standard front line night fighter by the end of WWII.

NO. 2-1105 Can be sold for less than $1.00

ILYUSHIN IL-28

Russia's first production jet bomber. Made its public debut May Day, 1950. Standard light bomber to equip pro-Communist forces. Powered by two Kilmov VK-1 turbojets. Kit has working control surfaces, armament and much more.

NO. 2-1501 Can be sold for less than $1.50



B-24J

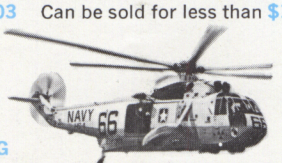
Produced in larger numbers than any other American aircraft. Transport, tanker, reconnaissance and anti-submarine bomber. Four Pratt & Whitney R-1830 engines. This kit's loaded with revolving turrets, working guns and control surfaces.

NO. 2-1502 Can be sold for less than $1.50

PBY-5A CATALINA

King of the flying boats. Impressive war record of 196 U-boats. Rescued hundreds of allied airmen. Two 1,200 h.p. Pratt & Whitney engines. Kit features working control surfaces, simulated spinning propellers, rotating turrets and more.

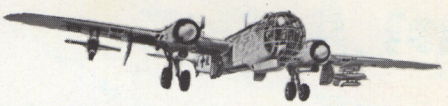
NO. 2-1503 Can be sold for less than $1.50



SEA KING

Without a doubt more people have seen this helicopter than any other plane in the world. This is the chopper that has picked up the astronauts from both moon shots and the two previous earth orbiting missions.

NO. 2-1504 Can be sold for less than $1.50



HEINKEL HE 177

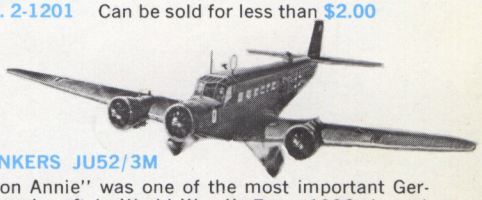
The "Grief," one of the most ingenious German bombers in World War II. The first to fire radio controlled rocket propelled anti-shipping missiles. Two coupled engines of 3000 h.p. Maximum speed, 303 m.p.h.

NO. 2-1200 Can be sold for less than $2.00

B-17G FLYING FORTRESS

The B-17G was operated by the outstanding 447th Bombardment Group of the U.S. Eighth Air Force. The lack of camouflage and the brilliant unit markings illustrate the almost complete air superiority the Flying Fortress had achieved by the end of the war.

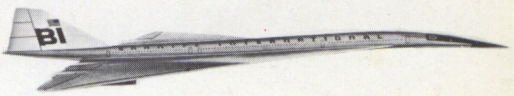
NO. 2-1201 Can be sold for less than $2.00



JUNKERS JU52/3M

"Iron Annie" was one of the most important German aircraft in World War II. From 1932 through 1943 "Iron Annie" played many important roles as a transport and as a bomber.

NO. 2-1202 Can be sold for less than $2.00



BRANIFF CONCORD SST

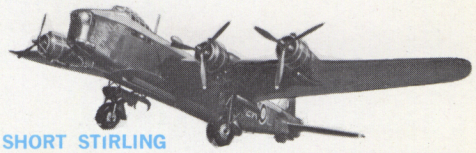
A new shape in American air travel. The supersonic jet that will let 136 people leap the Atlantic in less than three hours. A dynamic 1/144th scale model that reaches more than 15 inches in length.

NO. 2-1203 Can be sold for less than $2.00

B29 SUPERFORTRESS

Carried the first atomic bomb and brought a sudden end to WWII. Three pressurized compartments connected by a tunnel. Fire system directing the gun turrets was remote controlled. Four 19-cylinder engines. Kit has working control surfaces, guns and turrets.

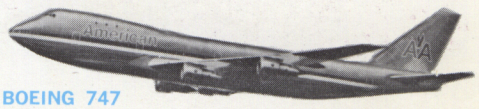
No. 2-2500 Can be sold for less than $2.50



SHORT STIRLING

The RAF's first four-engine heavy bomber in WWII. First bomber capable of large scale bombings. Unusual design restrictions required wing span to fit standard hanger and fuselage that would fit railroad packing case. Kit includes working control surfaces, turrets, tractor and four bomb trollies.

NO. 2-2501 Can be sold for less than $2.50



BOEING 747

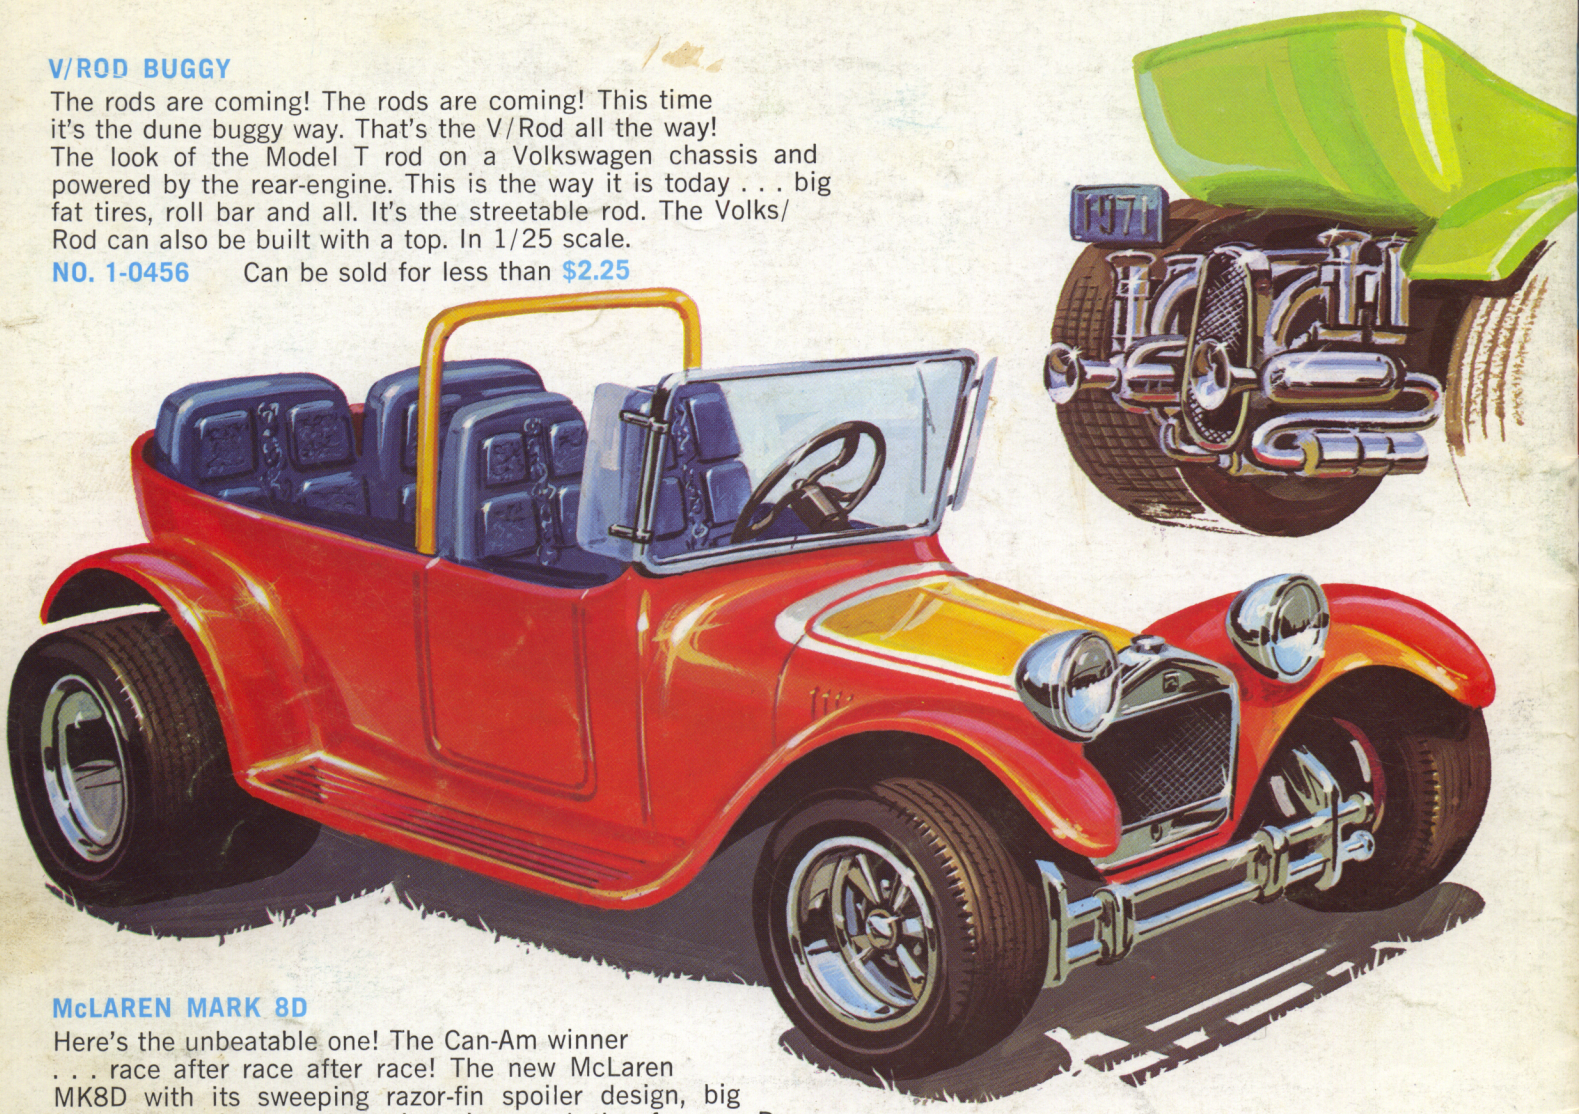
The Jumbo Jet! By now everyone's heard of the remarkable 747. A marvel of size, speed and comfort, the 747 is the most celebrated aircraft of recent years. Kit can be built with landing gear up or down, decals included.

NO. 2-3300 Can be sold for less than $3.50

V/ROD BUGGY

The rods are coming! The rods are coming! This time it's the dune buggy way. That's the V/Rod all the way! The look of the Model T rod on a Volkswagen chassis and powered by the rear-engine. This is the way it is today . . . big fat tires, roll bar and all. It's the streetable rod. The Volks/Rod can also be built with a top. In 1/25 scale.

NO. 1-0456 Can be sold for less than **$2.25**



McLAREN MARK 8D

Here's the unbeatable one! The Can-Am winner . . . race after race after race! The new McLaren MK8D with its sweeping razor-fin spoiler design, big powerful engine, road-hugging tires and the famous Denny Hulme numbers. The kit is molded in McLaren orange and includes all the authentic decals. Detailed to perfection. In 1/20 scale.

NO. 1-3014 Can be sold for less than **$3.00**
